

## **Electrical Utilities Waiver**

This waiver is required to be used for proposed pools, sheds, decks, additions and new construction.

If electrical conductors are over or adjacent to a pool or any structure requiring a permit, the City of St. Catharines will wait for confirmation and clearance from Alectra Utilities that the location is acceptable prior to issuing a permit. Should the electrical conductors be shown in a location significantly away from the proposed pool or structure, the City of St. Catharines will continue to process the permit application and circulate to Alectra Utilities for their confirmation and clearance.

Declaration of applicant		
I,		declare that:
	(print name)	
1.	I am the owner or authorized age	nt.
2.	I acknowledge that all information; attached schedules, plans and specifications; and other attached documentation provided for the issuance of this permit are accurate and are true to the best of my knowledge.	
3.	I have shown the existing electrical conductors on or adjacent to my property on my site plan.	
4.	I understand that I must obtain locates for all underground services including electrical services before I dig. I will contact Ontario One Call 1-800-400-2255 to arrange for locates at least 5 business days before digging.	
5.	Should Alectra determine that the location of structure is too close to their underground or overhead electrical conductors, I assume any and all risks and liability. It is my responsibility to comply with all set regulations and requirements.	
6.	The City of St. Catharines will not be responsible for any loss or damages sustained to the property as the result of any modifications required by Alectra to relocate or remove an offending structure that I may have constructed on my property.	
7.	If the owner is a corporation or pa or partnership.	artnership, I have the authority to bind the corporation
