ZONING BY-LAW AMENDMENT APPLICATION GUIDELINES

How to apply

Before making an application, you should discuss your proposal for a Zoning By-law amendment with the Planning Services Department. The application form should be submitted to the Planning Services Department together with the appropriate fee (contact Planning for current fees).

What Happens Next

Once an application for a rezoning has been submitted, the assigned Planner will circulate it to City Departments, government agencies, and the Region of Niagara. An Information Meeting is hosted by staff to provide information on the application and to receive feedback from the public, prior to staff making a recommendation and prior to Council's consideration of the application.

Once all comments have been reviewed the assigned Planner will then prepare a report to Council recommending approval, approval with revisions, or refusal of the application. The report is forwarded to Council for a decision. The meeting at which Council will make a decision on the application is a Public Meeting and any interested party (either in support or in opposition has an opportunity to address Council, prior to a decision being made.

If Council approves the proposed amendment, it will pass a by-law at a subsequent meeting, which will be circulated to give interested parties the chance to appeal. If no appeals are received by the end of the appeal period, the amendment is in full force and effect.

Appeal

An appeal to Council's decision may be submitted to the Ontario Municipal Board by any interested person or party. A 20-day appeal period is provided for, once notice of Adoption of the By-law has been given. (approximately 30 days from the date of Council's decision). If Council refuses an application or neglects to make a timely decision, an appeal to the Ontario Municipal Board may be submitted by the applicant.

Timing

Once an application is received and reviewed for completeness, the time period required until the application is considered by Council is *approximately* 4 months. Timing is dependant on whether an application is "complete", Council Meeting schedule, complexity of issues within an application, and staff workload.

Other Permits or Approvals that may be required

(Official Plan Amendments, Zoning Bylaw Amendments, and Plans of Subdivision applications for the same development proposal may be submitted and processed simultaneously, subject to consultation with the Planning Services Department)

- Official Plan Amendment If proposed use of land does not conform to the Official Plan.
- Heritage Approval If property is located in a Heritage Conservation District.
- Plan of Subdivision or Consent if division of land into lots or blocks is required.
- Site Plan Control Applications For most commercial and industrial developments, for certain
- residential developments, for the establishment of parking lots, for certain changes in land use, and for any development in certain zones.
- Building Permit Required for most construction.
